| Understanding Your Credit

This is a crash course in controlling your financial destiny. By understanding the components of a credit report and how a credit score is calculated, you can better understand the prices you pay for loans and use revolving credit more wisely. As a follow up to this program, you can schedule a complimentary one-on-one credit review.

Attend for your chance to win a door prize.

Workshop will feature a brief introduction from Morgan Stanley on "How to Weather a Market Downturn."
