

Overview

- > As low as 10% down payment
- > Similar to a standard purchase or refinance except it involves determining future value.
- > During construction, you pay monthly interest-only payments based on what funds have been given to the builder
- > After the one-year construction term, the loan switches to permanent financing with the same interest rate
- > 12-month construction term with 90% Loan to Value (LTV) up to conforming limit, and 85% LTV up to \$1,500,000

A Good Option If:

- > You like one-stop shopping and want one closing
- > You want to pay interest only during construction
- > Lot equity may be credited toward your down payment
- > Indiana and Owner-Occupancy only
- > No PMI Required

One of Indy's Top Financial Institutions for Homebuyers*

- > Low fees & closing costs
- > Competitive rates
- > Quick online application
- > Dedicated mortgage rep from application to closing
